La maison RIVAGE

Holidays for everyone, at everyone's own pace

How to come?

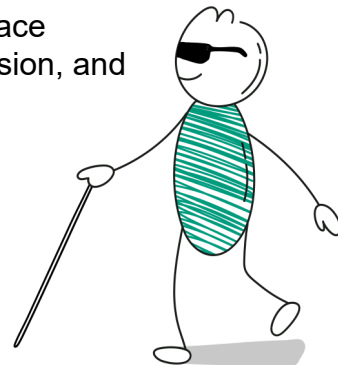

La Maison Rivage: Holidays for everyone!

Since 2002, the La Maison Rivage association has been working on the Guérande Peninsula to offer holiday stays adapted for people with disabilities.

It initiated the creation of an adapted holiday home in a former farmhouse, completely renovated and extended to meet accessibility, hygiene, and safety standards*.

This is how La Maison Rivage was born. Inaugurated in 2012, it is a place designed for well-being, inclusion, and discovery.

- Accessible rooms with 2 single beds, private shower and toilet,
- Equipment designed for all types of disabilities,
- Warm communal spaces and landscaped outdoor areas.

An extraordinary adventure and a
privileged geographical location between
land and sea

La Maison Rivage:

Above all, it's a human endeavor that has mobilized local residents to provide access to holidays for the most vulnerable.

It's a project for a welcoming home, with living spaces adapted to accessibility, safety, and hygiene standards, allowing for the accommodation of people with disabilities.

Finally, it's a local network of partners contributing to the inclusion and well-being of those staying there. The collaboration with Lycée Kerguenec fosters inter generational exchanges within the framework of the medical and social work training program.
